Behavior Problem Solving for AU and SED- Know Your Learner

This two-day workshop is intended to provide participants with a framework for problem solving challenging behaviors for students with autism and serious emotional disabilities. Participants will learn how to consider the unique needs of the individual student based on their strengths, weaknesses, and underlying characteristics of their disability when problem solving around behavior. Participants will engage in activities to apply skills with practice situations that will increase their overall abilities to address behaviors in the educational environment.

Instructor(s): Denise Michelle Smith

Participants will get 1.2 CEUs

Special Assistance: Any individuals requesting accommodations under the Americans with Disabilities Act should contact the support staff before the training.

*****NOTICE*****

Call support staff to add your name to the waiting list when institute becomes full.
